CERTIFICATION

Microsoft Certified: Azure Fundamentals AZ-900

Credential ID: 1306F860BD4F9DCB
Certification no: EB4491-377EAC
Earned on: January 30, 2024

WORK EXPERIENCE

ACCENTURE| 09/2024 – 09/25

Metrolinx (Fare Management System) - CANADA
Team Size: 30 (L3 Support) | Program Size: 300+

Responsibilities & Impacts:

- Provided production and technical support for a fare management system used by **millions of daily commuters** across Ontario transit networks.
- Technology used: C#, ASP.NET 4.8x, SQL Server, Azure DevOps, React JS, Postman, Event Viewer
- Resolved 15–20 production incidents per month, reducing ticket backlog by **30%** and improving SLA adherence to **98%.**
- Performed root cause analysis using Event Viewer, logs, and SQL tracing, reducing recurring defects by **35%**.
- Developed and optimized SQL stored procedures, views, joins, and triggers, improving data retrieval performance by **30%**.
- Experience on migration on old technology à new technology.
- Experience on Agile methodologies, conduct code reviews and manage the process. Demonstrated expertise in software requirements and designed use case diagrams, class diagrams based on UML methodology.

ZENSAR TECHNOLOGIES | 05/2021 – 04/2022

Liberty Common Services

- The main objective is to analyze customer data, stream data, created and validated logs and to test Web API's using JSON data in Postman.
- Improved the performance of UI by adding drop-down, radio buttons, etc.

ZENSAR TECHNOLOGIES | 05/2022 – 07/2024

Just Stop Orders (Insurance-based)

Tasks:

- Client – Liberty Services (South Africa) and Team Size – 6
- Technology used – C#, Ado.Net, Front-end, IIS, SQL, Postman and SSRS.
- Aided contribution in analyzing, fixing defects and delivered with quality solutions for reviewing requirements, test plans, design documents.
- Proposed creative results, design, risk, complexity and effort according to design specifications and user requirements.

COLLEGE PROJECT

Autism Detection Spectrum Screening Tool

GitHub - Sirisha-collab/ASD-Detection-using-Machine-Learning-Algorithms

- We designed discriminate features, engineered data analysis and data cleaning using Excel and Power BI. We calculate accuracy using machine

SKILLS AND ABILITIES

The following are my skills which I believe are:

1. Programming: C#, ADO.NET, ASP.NET MVC 5, SQL, EF

6x, Azure DevOps, Dashboard, Web API's, GIT, Python

2. Machinery: Machine Learning Algorithms, Data Science

3. Front-end: React JS, Bootstrap, JavaScript (ES6)

EDUCATION

Master of Technology 9.0 GPA
Sept 2019- Jan 2022| VNRVJIET - Hyderabad
Stream: Computer Science Engineering

Bachelor of Technology 76.8%
June 2015- July 2019 | Teegala Krishna Reddy Engineering College - Hyderabad
Stream: Information Technology

Subject: Application for Full Stack Dot Net Developer

Dear Sir/Ma'am,

I am writing to express my interest in the .NET Developer position as advertised. With 4 years of hands-on experience in developing, maintaining, and improving enterprise-level applications using the .NET framework, I am confident that my technical expertise and passion for software development would make me a valuable to your team.

In addition to my technical skills, I am also familiar with Agile methodologies and version control tools such as Git. I have collaborated closely with cross-functional teams to meet tight deadlines while ensuring that best practices are followed in coding and testing. Furthermore, I have hands-on experience with databases like SQL Server and MySQL, allowing me to design and manage complex data models.

Here’s a snapshot of what I’ve accomplished:
•Resolved 15–20 production incidents per month, reducing ticket backlog by 30% and improving SLA adherence to 98%.
•Performed root cause analysis using Event Viewer, logs, and SQL tracing, reducing recurring defects by 35%.
•Developed and optimized SQL stored procedures, views, joins, and triggers, improving data retrieval performance by 30%.

I’m excited about the opportunity to bring my experience and problem-solving skills. Thank you for taking the time to review my application—I look forward to the possibility of discussing how I can contribute to your team’s success.

Best regards,
Gangarapu Shirisha
